Petitioner,

v.

GENERAL CERAMICS, INC.

Registrant.

Cancellation No. 25,562

**DECLARATION OF ROBERT C. FABER**

ROBERT C. FABER, declares:

Ostrolenk, Faber, Gerb & Soffen, LLP have been attorneys for Registrant in connection with the above cancellation proceeding.

Upon Registrant entering bankruptcy proceedings, this cancellation proceeding was suspended by the Patent and Trademark Office. I have been informed by bankruptcy counsel for Registrant that the bankruptcy proceeding was closed in April of 2004. A copy of an order closing the Chapter 11 Bankruptcy is enclosed.

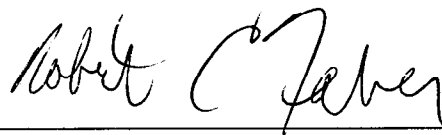

Since the Registrant had entered Bankruptcy, I received no communication from the Registrant and my communications directed to Registrant have gone unanswered. I am unable to obtain any instructions or give any advice to Registrant concerning this matter since Registrant has failed to communicate with me during the bankruptcy or afterward. Notice was sent to the

Registrant that the cancellation proceeding would continue and that they should communicate with me, but I have not received any communications.

Further, I doubt that any work that I do will be compensated. We do not wish to work further on this cancellation proceeding without some assurance of being compensated.

For the foregoing reasons, I believe that Ostrolenk, Faber, Gerb & Soffen is in fact no longer the attorney for the Registrant in connection with this matter in that we have been either expressly discharged or we are certainly unable to act as Registrant's attorney. For that reason, Ostrolenk, Faber, Gerb & Soffen LLP requests that we be permitted to withdraw as attorneys for Registrant.

I further declare that all statements made herein on my knowledge are true and that all statements made on information or belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the registration subject to this proceeding.

A handwritten signature in black ink, appearing to read "Robert C. Faber", written over a horizontal line.
